ALTEC LANSING®
inMotion™
PORTABLE AUDIO

**enhanced,
portable
sound for
MP3, CD,
and other
portable
audio
Players.**

You've got a CD player, an MP3 player, and a portable DVD player, but until now you were the only one listening. Introducing the Altec Lansing inMotion iM4 portable audio system. This tiny, portable, battery-operated stereo system lets you share the sounds at home, at the beach, on the go... where ever. A highly efficient Class D amplifier powers four full-range micro drivers to deliver a full spectrum of pure, distinct sound, while the revolutionary MaxxBass™ technology allows listeners to enjoy deep bass without lugging around a subwoofer. Place your small portable audio device on the rubberized base, plug in the retractable audio cable, and fire up your system. It's great sound that everyone can enjoy.

iM4

■ **crystal-clear sound**

From four custom-designed neodymium 25 mm Micro Drivers.

■ **surprisingly deep bass**

Revolutionary MaxxBass® technology creates quality bass without a subwoofer.

MAXXBASS®
MORE BASS. LESS SPACE

■ **extra long battery life**

Highly efficient Class D amplifier delivers more than 18 hours of continuous playback with four AA batteries (not included).

■ **dual inputs**

Allows you to connect two audio players at the same time (second cable not included).

■ **convenient retractable signal cable**

Provides clean cable management and connects to virtually any audio device, such as MP3 players, CD players, and laptops.

■ **portable design**

Runs on batteries* or plugs into the wall.

■ **rubberized base**

Provides a non-slip platform for your MP3 or CD players.

■ **lightweight**

Folds to close at 28 ounces and 10.25" wide, 5.3" deep and 1" high.

■ **universal power adapter**

With international plug set included.
